

PRSFORM

100 ml tincture

PROSTATE FORMULA

The prostate is a small gland found in men, near their bladders. Many men experience prostate problems regardless of age.

PRSFORM provides nutritional support to help balance male hormones, improve prostate health and strengthen the immune system. It combines the herbs Saw palmetto and Stinging nettle for treating benign prostate hypertrophy.

PRODUCT INFORMATION

Ingredients:

Saw palmetto (*serenoa serrulata*), horsetail (*equisetum arrense*), couchgrass (*agropyron repens*), hydrangea (*hydrangea arborescens*), Echinacea (coneflower root), damiana (*tumera diffusa*), nettle (*solanum elaeagni-folium*)

ABOUT THE INGREDIENTS

- ✓ **Saw palmetto (*Serenoa serrulata*):** Saw palmetto berries have been shown to support healthy prostate functioning. It may be used with safety where there is enlarged prostate gland. Because *Serenoa serrulata* contains a variety of naturally present phyto-compounds, it inhibits 5 α -reductase without producing hormonal imbalances. This is confirmed by the fact that Saw palmetto is also used by traditional herbalists as an aphrodisiac. Saw palmetto also contains phytonutrients that help neutralize oxidation, thereby reducing oxidative stress. As illustrated in the research mentioned, by reducing oxidative stress, inflammation is decreased, and as inflammation is decreased, hyperplasia is decreased.
- ✓ **Horsetail (*Equisetum arvense*):** Horsetail may be considered a specific in cases of inflammation or benign enlargement of the prostate gland.
- ✓ **Couchgrass (*Agropyron repens*):** Couchgrass has demulcent properties which soothe irritation and inflammation. It is of value in the treatment of enlarged prostate glands.
- ✓ **Hydrangea (*Hydrangea arborescens*):** Hydrangea's greatest use is in the treatment of inflamed or enlarged prostate glands.
- ✓ **Echinacea (*Coneflower root*):** Echinacea is an essential herb used for eliminating the toxic microbes, especially, bacteria from your body. This helps in protecting the prostate gland as well as the urinary tract from further damage.
- ✓ **Damiana (*Tumera diffusa*):** Damiana used to strengthen the male sexual system. It reduces irritation of the urinary tract and has a soothing influence on irritated mucous membranes.
- ✓ **Nettle (*Solanum elaeagnifolium*):** The key ingredients in stinging nettles are the sterols that appear to lessen the action of DHT (Dihydrotestosterone), the form of testosterone that causes the prostate to enlarge.
