

# STFORM

100 ml tincture

## STOMACH ULCER FORMULA

Ulcers are burns that form in the lining of the upper part of the gastrointestinal (GI) tract. Ulcers are caused by an increase in stomach acid caused by stress, medications, diet, smoking, alcohol, or H. pylori, a type of bad bacteria.

STFORM is a food supplement that is designed to help soothe the discomforts caused from stomach ulcers.

# ABOUT THE INGREDIENTS

- ✓ **Bayberry (*myrica cerifera*):** Bayberry contains an antibiotic chemical called myricetin which has been shown to be effective against a broad range of bacteria and protozoa. Myricetin's antibiotic action supports Bayberry's traditional use against diarrhoea and dysentery.
- ✓ **Chickweed (*stellaria media*):** Chickweed, according to Kerry Bones, author of "The Essential Guide to Herbal Safety" may help to reduce gastrointestinal inflammation by healing and protecting stomach ulcer.
- ✓ **Mullein (*verbascum Thapsus*):** Mullein is very good as pain reliever.
- ✓ **Agrimony (*agrimonia eupatoria*):** Agrimony is astringent and excellent for treating mucus membranes. Agrimony helps heal the intestinal tract and stomach lining because it reduces inflammation.
- ✓ **Licorice root (*glycyrrhiza glabra*):** The root can be used for treating stomach ulcers. Can help stimulate regeneration of mucus membranes in the stomach and may help inhibit H. pylori.
- ✓ **Cayenne (*capsicum annum*):** Capsicum annum is very useful for help digestion and stomach pain, including heal upset stomach, slow intestinal gas.
