DOCTOR-FORMULATED, CLINICALLY TESTED SUPPLEMENTS

Most of our supplements are manufactured in GMP certified facilities in the UK and have been formulated to avoid many of the excipients and colouring agents that are normally found in supplements these days. They are all registered with the Ministry of Health in Cyprus.

These are high-end, clean supplements that have been doctor-formulated and tested to work in many health centres around the world.

There are supplements to cover a wide range of health issues such as high-potency multivitamins, krill oil, antioxidants, colon health, constipation, digestive aids, natural anti-fungals, leaky gut, liver health, heavy metal detox, weight loss, parasite cleanse, natural diuretic, probiotics, anti-inflammatories and protein drinks.

As we manufacture in large quantities to serve our markets around the world, we can pass on discounts to practitioners and health food stores that are exceptional.

Most of our discounts range between 50% which is considered a very healthy profit in today's markets.

Take a look at our product range and if you like to place an order with us, either send us back the order form completed in the ORDER COLUMN and we will process the order and let you know the amount.

Send to: admin@worldwidehealthcenter.net or Fax to: (+357) 24 – 82 33 21. We will send you a proforma invoice for you to wire across the funds via bank transfer.

MAXIMIZE YOUR PROFITS
